Top Skills

Computer Vision

Neural Networks

Image Processing

Certifications

Supervised Machine Learning:
Regression and Classification

Machine Learning & Self-Driving
Cars: Bootcamp with Python

Creating Multi Task Models With
Keras

Advanced Foundations of Python
Programming

Advanced programming using
Python

Hamidreza Rastad

AI R&D Engineer | Computer Vision & Intelligent Systems | Control
Engineering Student @ IUST
Iran

Experience

Irancell AI Lab
10 months

AI Researcher
October 2025 - Present (3 months)

AI Researcher
March 2025 - October 2025 (8 months)

Iran University of Science and Technology
Teaching Assistant
September 2025 - Present (4 months)

Linear Algebra

Iran University of Science and Technology
Teaching Assistant
February 2025 - July 2025 (6 months)

Linear Control | Mentor for System Dynamics & Controller Design
